23. Philip Fawkner-corbett	BOK	M55	1.39.25
24. Richard Lemon	SOC	M55	graciously retired.

Thanks to so many of you turning out for our 'SOC social local' event. The weather was kind – ish but caused a stir as the river ran high overnight closing the main access route. The backwards format was a slight diversion for some of our experienced 'o' performers and the popular 180 degree error was discussed more than once at the finish. The use of Jack's good courses was a bonus as we had a good stock of pre printed maps from March 07. You all seemed to take the subsequent felling and thinning of the forest in your stride. I was pleased to see a number of families taking part but wish that we had been a little more alert to your needs at the registration (being slightly overwhelmed at times) where we would have gladly given guidance to the best courses for your experience. For all those with 'ind' as a club name, please feel most welcome to join SOC as the instructions can be found within this web site. A final thank you to my splendid companions Jack, Lisa, Norman and Graham without whom I would have been buried alive by your welcome presence.

Happy 2008.  
Charlie.
