NOVEMBER CLASSIC 1994 - RESULTS

ORGANISER'S COMMENTS

Ian Moran

Thank you for all your kind comments at the event; they really helped to make the day for all those in the Club who have worked so hard in recent months.

Particular thanks must go to the planners, Simon Cane and Robert Jackson, who, due to circumstances, have had a difficult time and to our Controller, Ken Williams for his patience. It would be wrong not to mention David Bonsor (Deputy Organiser) and Peter Webb (Entries), who helped enormously to share the burden of the event and to Anne Cane who did a splendid job with the Wayfarers.

Tamsin Moran (W4 weeks) has asked me to thank the String Event Organisers, Jean and Lubor Velecky, for an excellent course: she particularly liked the Channel Tunnel bit and Mum enjoyed her apple.

As far as I am aware, the '94 Classic is the first event to have control codes printed on control cards; I hope you found this innovation, courtesy of Time Machine, useful. Perhaps next year, we will be able to offer the choice between upside-down or right-way-up numbers (*Perhaps not! - Terry Smith!*)

Badge times have been calculated based on current BOF rules i.e. based on the times of those competitors who have declared themselves as being members of BOF'.

Southern Championship trophies will be available at the Wessex Badge Event at Burley and Holmsley on 27th November. If you cannot make it, please contact me on 01703 253459 to make alternative arrangements.

All being well, next years event will be held on a new map of an area not used for many years, indeed some parts have not been mapped before. We look forward to seeing you all again in November '95.

Additional note from Terry Smith.

Ranking points are only shown (where applicable) for those who declared themselves as BOF members. All results have been ranked by Cardinal Computers. Absence of ranking points in these results does NOT mean that you have not been credited with your Ranking Points.

PLANNER'S COMMENTS

Simon Cane

Planning the November Classic courses was a wonderful reason for spending a considerable time in some of the quietest parts of the New Forest so close to Southampton. Whilst out in the area in August, taping prospective control sites, I began to wonder if the blue features on the map would be there by November as hardly any of the ponds shown on the map had any water in them..... I needn't have worried!

Robert Jackson (Assistant planner - short courses) and I tried to get competitors into the more interesting and technically demanding open forest as quickly as possible. However, the need to use the camp site for parking, and the desire to limit the walks to and from the start/finish, meant that the shorter courses were restricted to the enclosure with only two safe river crossing points. Despite these limitations I got the impression from finishers that they had enjoyed the courses. All the courses ended up with gold badge times within a couple of minutes of the recommended range in at least one of the component classes.

Most of the planning was done using black and white photocopies of the 10 year old map of the area - and about five 'good' control sites had to be reconsidered when the final map arrived with the features missing! I don't think competitors will have noticed the difference, but with the map available earlier I am sure that better courses could have been planned.

NOVEMBER CLASSIC 1994 - RESULTS

My thanks to the assistant planner, the controller & a number of previous 'Classic' planners for their advice; and to the tireless forest team who helped set out and retrieve the controls, and in one case spotted an incorrectly numbered control before it was too late.

CONTROLLERS' COMMENTS

Ken Williams - BAOC

My job as Controller for this years November Classic was made very easy by an efficient and professional Southampton team led by Ian Moran. Most of the problems that did occur in the build up to the event were quickly rectified.

However, all did not go according to plan. The only problem on the day was a wrong code on the last control of the Wayfarers courses. This was soon corrected and I apologise to the early starters and I trust that this error on my part did not stop you enjoying your day out in the forest.

The availability of the map was delayed on a number of occasions and it was mid-October before it arrived. The map was not perfect but I hope you agree that we made the right decision in allowing the event to proceed. It would have been too easy to cancel the event.

I would like to thank the planners, Robert Jackson and Simon Cane for their help and to give credit to my assistant controller, Richard Jean, for sharing the tasks, especially for control checking on Matley Heath on Saturday afternoon and Sunday morning.

SCOA CHAMPIONSHIPS

Juniors:

M/W10 - M/W17 Trophies for winner, certificates for 1st, 2nd & 3rd.

Seniors:

Long course certificates for 1st, 2nd & 3rd.

Short courses M/W21 certificates for 1st, 2nd & 3rd.

Short courses certificates for 1st only.

These can be collected at Burley and Holmsley Dorset Delight Badge Event 27th November.

' = not found on BOF list of SCOA members.

Any queries should be addressed to:

J. Gibson 16, Fernbrook Road, Caversham, Reading RG4 7HG. Tel 0734-472220.

SOUTHERN CHAMPIONSHIPS

The Southern Champions for 1994 are the first placed runners in all A and Long classes except in classes W13A, W19A, W21L and W35L where the second placed finisher is the Southern Champion.

PROTECTING CONTROL CARDS

To help finish teams, please do NOT use tape or Transpaseal to "protect" bar-codes on your Tyvek control card. The film reflects the light used by the bar-code reader and the number has to be entered manually. However, the bar-code reader can cope with reasonably muddy, bloody or otherwise mutilated bar-codes.

NOVEMBER CLASSIC 1994 - RESULTS

Euro-string Course

We chose the theme because it is topical, different from any other we know of and leads to fairly colourful control codes. Unfortunately, these could not be reproduced on the free map without a rich sponsor. Certain bright brains and eyes noticed that the flag of Spain on the control card differed a little from that at the control; the two flags came from different sources and the commercially supplied marker flag simplified its offering. The clash between 'Holland' and 'The Netherlands', also spotted by a few future replacements of Sherlock Holmes, arose in the same way, although no one appeared to spot a similar clash between 'Great Britain' and 'UK'. We hope that all participants enjoyed the course, from Ruth Baker (W60 sampling the offering on behalf of her grandchildren in Holland) down to the Event Organiser's daughter Tamsin (W 4 weeks who sleepwalked round the course). But we are not at all sure what Tessa (the dog!) made of it all. Anyhow, thank you all for taking part.

Lubor & Jean Velecky
