### **Map and Terrain**

Scale 1:10,000, updated in winter 2022. Loose control descriptions will be at the start and on all maps.

Mixed area of old woodland, marsh, path networks and intricate landforms in some areas.

The competition area is dominated by a ridge which runs in a NW/SE direction. The area, in places, is quite technical requiring accurate navigation but also offers some good forest running.

### **Facilities**

Toilets

### **Clothing and equipment new**

Full leg cover and footwear suitable for the terrain must be worn. Trail/orienteering shoes or sturdy walking boots are recommended.

All competitors must carry a whistle.

In case of adverse weather we may require competitors to wear a cagoule or similar waterproof top.

### **Dogs**

Dogs are allowed but must be kept on a lead and under control at all times. Dogs are not permitted in the hall but are welcome in the car park and grounds.
