

## SOC Summer Series 2010

### System for Allocation of Points

This is the first year of the Summer Series and we appreciate the system will not be perfect from the start. **All feedback is welcome.**

Please remember the Summer Series is intended to promote orienteering in the SOC area and help introduce, develop and encourage newcomers whilst providing a low key challenge to more experienced orienteers. Please remember – it's not the World Cup!

Competitors enter courses and results are ranked as normal.

Results are then adjusted using the Age Class Ratios below to give an adjusted set of results. Results for timed events are multiplied by the ratios, results for scored events are divided by the ratios.

Points are then allocated by position on each course, 1 point for 1<sup>st</sup> place, 2 for second etc up to a maximum of 20 points.

Competitors who do not finish their course or are disqualified will be awarded 25 points.

The total of a competitor's best 3 points will determine their position in the overall Series standings with the lowest total being judged the leader. In the event of a tie the best 4, 5, 6 etc results will be counted.

To qualify for Series points, competitors must enter as individuals. Shadowing will be allowed for juniors in Age Class M/W12 and below.
